On Picketing

WEATHER damage to the YMCA building was a key point as hearing began yesterday on an injunction action against the Electrical Union.

A second point: did business agent Frank Lyons say picketing hinged on whether or not electrical contractor Matthew Kime's men joined the union?

The defense was handled by Maxwell H. Cohen. He attempted to show the YMCA and Kime, plaintiffs, are in interstate commerce and county court under President Judge Fred W. Davis has no jurisdiction.

It was a full day of testimony—from 10:05 a.m. to 5:15 p.m. with an hour and a half off for lunch. At end of the day plaintiffs' counsel, Arlington W. Williams, Alex L. Bensinger and James T. Kitson, were still presenting their case.

Williams said he had three more witnesses to call when the hearing resumes at 10 this morning. Cohen, counsel for Electrical Union 367, picket Clarence Pipher Jr., and Lyons, said he would have two witnesses.

As the hearing opened Williams presented routine papers. Cohen objected on the grounds that the court had no jurisdiction; that the matter should come under Federal law because Kime and the YMCA are engaged in interstate commerce; and the Y is a national organization which affects interstate commerce.

Williams replied that defense counsel had subpoenaed Kime's records and the records would show Kime is only in interstate commerce. He added that the YMCA is a service and not a commercial institution and wouldn't come under the commercial clause of Federal law.

Judge Davis overruled Cohen's objection and Williams called defendant Pipher to the stand.

Pipher said he is employed by the electrical union to picket the Y job, has been picketing since Oct. 5, is a member of the union. He described the sign he carried: "No member of L. U. 367 International Brotherhood of Electrical Workers employs on this job."

Murrel R. Kiefer, Stroudsburg architect followed Pipher. He said he and partner Harold T. Rinker, East Stroudsburg, had prepared plans and specifications for the Y construction, prepared contracts after bids were approved.

He said contracts at present were in the amounts of: \$335,559.72 to Paul Edinger, general contractor; \$48,737 to H. C. Archibald for heating; \$34,900 to H. L. Cleveland for plumbing and drainage; and \$24,225 to Matthew Kime for electrical work.

Bills (less 10 per cent) paid to date by the Y for work is: Edinger \$185,623.23; Archibald \$20,407.50; Cleveland \$18,705.60; and Kime \$19,961.10, Kiefer said.

The Y has paid a total of about \$235,700, Kiefer indicated.

Williams next questioned Kiefer to show how far the building had progressed and what still remained to be done. Walls were up but no windows had been put in; roof deck is nearly complete but the perimeter is still open.

Kiefer said rain water could get into the building through the window openings and through the unfinished part of the roof, and could run down inside the wall between gym and locker room.

If such water froze, the architect testified, it could crack the wall. The wall would have to be torn down to the point of cracking and rebuilt, he said. To rebuild the 25-by-80-foot wall might cost around \$3,000, he guessed, for the wall alone.

On cross examination Kiefer said, "So far as we are concerned as architects, there has been no money damage as a result of weather." Temporary protection if properly placed would keep water out of the walls, Kiefer said.

Edinger took the stand next and testified to seeing water on the gym floor Tuesday.

To put temporary covers over the walls would take four men two days, he estimated. Edinger added that a temporary roof would not last through the winter and temporary measures would be ineffective.

Suitable tarpaulins would cost \$1,000 to \$1,500, he said. They would have to cover 10,000 square feet and would last about two months.

Fourth witness was Andre R. Weingartner who said he was Edinger's superintendent on the Y job. He told of seeing water go into the walls or appear on the floors on two occasions.

Williams had said Weingartner would testify to hearing Ralph Paul, Plumbers Union business agent, and Lyons tell Kime the solution to picketing by the Plumbers Union last year was to "have Cleveland and Kime sign union contracts, and have their men join the union."

But when queried on this point, Weingartner said, "I do not recall any statements by Mr. Lyons to Kime relative to picketing. . . . Asked what statements he did recall hearing at the meeting in (Continued on page eight)

Ike Warns Against 'Split Government'

Stevenson, President Differ On Political 'Cold War'

Adlai Says Democrats To Cooperate

TRENTON, N. J., Oct. 28 (AP) — Adlai Stevenson said tonight President Eisenhower's prediction of a political "cold war" if a Democratic Congress is elected seems "singularly unrealistic and ungrateful."

Stevenson, the Democrats' defeated 1952 presidential candidate, said in a prepared television speech, "... Where the Eisenhower program has been responsible and constructive, it has not only received unstinting Democratic support, but that support has in many crucial cases provided the President his margin of victory."

"This would strongly suggest that a Democratic majority in the Congress could be trusted to support the President on basic questions of security and welfare," the former Illinois governor said. He spoke at the Trenton War Memorial Building after a day of campaigning in New Jersey for Democratic senatorial candidate Charles R. Howell and the party's congressional candidates.

Stevenson charged Republican candidates are unable to talk sense about foreign policy, economic issues or civil liberties.

"So if they can't talk sense," he said, "all they can do is stamp, shout and scream—about their opponents and Communists in government."

"As a result, we haven't heard much lately about the Republican record which the President said was the issue," Stevenson continued.

"Instead, as the campaign ends the image of democracy is defaced by a frenzied outburst of smut, smear and slander—with the vice president of the United States, if you please, and the governor of New York leading the shrill Republican chorus of defamation and denunciation to the inglorious, bitter end," Stevenson said.

Stevenson said a Democratic Congress can do more than support President Eisenhower "when he is right," he said.

"The election of a Democratic Congress on Tuesday will check the tendency of the last two years to separate the United States from our allies in world affairs."

"It will stem the drive to cut back further on our own armed strength."

"It will diminish the passion to give away our natural resources."

"It will chasten the administration's complacent attitude toward the millions of Americans who cannot find jobs."

Hemingway Winner Of Nobel Prize

STOCKHOLM, Sweden, Oct. 28 (AP) — The 1954 Nobel prize for literature was awarded today to American novelist Ernest Hemingway for creating a new style in modern writing — lusty and action-packed.

Thirteen members of the Royal Swedish Academy of Literature, sitting around a green and white table, selected the 56-year-old portrayer of death, violence and abortive love affairs. They voted this citation:

"Ernest Hemingway for his powerful mastery, which has created a new style in modern literature, as recently demonstrated again in 'The Old Man and the Sea.'"

The prize is a gold medal and a check worth \$35,000. Hemingway, author of such classics as "A Farewell to Arms" and "For Whom the Bell Tolls," will not be here Dec. 10 when Sweden's King Gustaf Adolf VI presents the Nobel literature, medicine, chemistry and physics prizes.

Injuries suffered in two plane crashes in East Africa last January will prevent him from making the trip.

Hemingway is the sixth American-born writer to win the literary prize set up by the will of Alfred Nobel, Swedish inventor of dynamite.

Two Leaders Plan Windup Of Campaigns

By The Associated Press. PRESIDENT Eisenhower's whirlwind tour of four cities today and Adlai Stevenson's televised speech from New York City tomorrow night promise to wind up the last week before elections in a blaze of activity.

Then, on Tuesday, the voters will decide whether the Republicans or Democrats will control Congress in the next two years. They'll decide many other races at the same time.

At 7:25 a.m. today, Eisenhower set out on his flying tour of Cleveland, Detroit, Louisville and Wilmington, Del.

Wood Claims Gangs Would Rule Leader

HARRISBURG, Oct. 28 (AP) — L. Gov. Lloyd H. Wood said tonight a Democratic victory next Tuesday would mean the loss of jobs for thousands of state workers.

In a direct appeal for the votes of more than 50,000 state employees and their families, Wood said in a prepared speech at a Dauphin County GOP rally:

"Thousands of your friends employed on Capitol Hill—loyal, faithful state workers, with years of honest service—would find themselves on the street, jobless and disheartened because their work was brushed to the winds to make room for the aides of the Democratic gang politicians."

The GOP candidate said Mayor David L. Lawrence of Pittsburgh and Matthew H. McCloskey, Philadelphia contractor, "dictate every move" of the Democratic gubernatorial nominee, Sen. George M. Leader.

In another development, Miles Horst, Republican state chairman, said he received a message from President Eisenhower congratulating him "on your splendid work in our common cause."

The President, in urging a big voting turnout next Tuesday, was quoted by Horst as saying:

"Between now and next Tuesday, let us, with enthusiasm and the will to win, do the job that will drive us through to victory."

Eisenhower Calls For GOP Victory

WASHINGTON, Oct. 28 (AP) — President Eisenhower told cheering followers tonight: "Let's roll up our sleeves" and elect another Republican Congress to "keep our government from fiddling while the world burns."

Recapture of control of the legislative branch by the Democrats in next Tuesday's election would lead to "a hopeless jam" in the business of running the government "in this age of peril," Eisenhower declared in a speech broadcast to the nation by radio and television.

The chief executive's talk at a Statler Hotel dinner sponsored by the National Citizens for Eisenhower Congressional Committee was perhaps his hardest hitting of the campaign. Cheers and applause punctuated his remarks at frequent intervals.

The committee is made up of independent voters and dissident Democrats, groups which contributed importantly to the President's 1952 victory, and he appealed to them and his TV-radio audience to get out and vote Tuesday.

Striving to dispel what he termed puzzling voter apathy, the President said a GOP victory calls for "talking to your neighbors, ringing doorbells" to crowd the polling places.

"Let's roll up our sleeves and get to work—for a stronger America, good government, and a world at peace," Eisenhower said. "Let's have another Republican Congress."

The chief executive laid heavy emphasis on what he termed the dangers of a divided government, with one part in command of the White House and the other of Congress. He declared:

"To go ahead, we must prevent a split government. The job is clear. The progressive program which the vast majority supported in 1952 needs now the reinforcement of their 1954 votes. "So the job is to get the voters to the polls. Thus we will keep our government from political fiddling while the world burns. Thus we can go ahead, in this age of peril, building a stronger, better America and a lasting peace in the world."

In perhaps his most hard-hitting language of the campaign on what he called the dangers of a politically divided government — a Republican White House and Democratic-controlled Congress — the President declared:

"For the good of America, our governmental traffic must be efficiently handled. We won't get anywhere with red lights at all governmental cross roads. Add to this, two drivers on every governmental steering wheel, each trying to go in a different direction and we shall certainly end up in a hopeless jam."

"When pressures of party loyalty and obligations influence legislative leaders and committee chairmen to oppose the president, there are many things they can do. History shows that both parties have indulged in these obstructionist practices, at grave risk to our country's good."

Legislative leaders, Eisenhower went on, "can stop essential bills in the legislative committees, in the rules committee, or kill them in the Senate or the House of Representatives."

Curious Driver Darkens City

WILKES-BARRE, Oct. 28 (AP) — William Young's interest in a 1953-model automobile, displayed today for the first time, was so intense that he unintentionally threw 25,000 homes into darkness.

While Young peered at a shiny new model, his car accidentally hit the guy wire of a 13,000-volt electric power line. Service was stopped to 25,000 customers in five towns, a night football game had to be cancelled and there were many other inconveniences.

Traffic Deaths Drop

CHICAGO, Oct. 28 (AP) — Traffic deaths in the United States dropped again in September—the ninth month in a row to show a decline.

72 Identified As Members Of Red Party

WASHINGTON, Oct. 28 (AP) — A former undercover worker for the FBI today gave Senate investigators the names of 72 persons he swore or were members of the Communist party in eastern Pennsylvania.

The information came from Ralph K. Heltzinger, a West Reading, Pa., bakery driver, who appeared before the Senate Internal Security subcommittee.

Heltzinger testified he joined the Communist party at the request of the FBI on Aug. 18, 1944, and remained a member until last July.

He was secretary-treasurer of a Red unit in Reading, he said, and at the time he left it had about 50 members. He added that he did not know the size of its membership now.

Heltzinger's list of past or present Reds was prepared at the request of the subcommittee. It included people identified as housewives, druggists, mill workers, farmers, steel workers and a peanut stand vendor.

Nowadays, Heltzinger told the subcommittee, Communists in this country are trying to keep underground.

Leader Says GOP Didn't Look Ahead

SCRANTON, Pa., Oct. 28 (AP) — Sen. George M. Leader said tonight that Pennsylvania under 16 years of unbroken Republican rule "has not planned for today's economic struggle."

The Democratic candidate said that nothing on the state government level has been done to "devise ways of dealing with the 'great economic revolution' now in the offing."

"There are the problems raised by atomic energy and what it will do to the already battered coal industry," Leader said in a prepared address.

"There is the problem of the St. Lawrence Seaway and what it will do to our railroads, our truck lines and our ports. There is the problem of shifting sources of iron ore for our steel industry."

"In the face of these major problems, all the Republican candidate (L. Gov. Lloyd H. Wood) can talk about is the tariff, that one-time Grundy religion which is so much at odds with what is called the 'Trade, not aid' policy of the Eisenhower administration."

Leader said that if elected, he will draw national attention to the state's coal industry and work for the creation of citizens' development councils in every county to meet new economic problems.

Five Firemen Lose Lives In Explosion

PHILADELPHIA, Oct. 28 (AP) — A 4,000 gallon tank blew up mysteriously today in the rear yard of a chemical plant, killing three top fire officials and fatally injuring two hosemen. Twenty-three other persons were hurt in the blast.

The explosion, without any fire, shattered the tank but did no inside damage to the two-story building of the Charles W. Berg Laboratories, chemical and oil manufacturers.

The blast came minutes after firemen responded to a telephone call that ammonia fumes were seeping from the plant. The building was closed — it was 6 a.m.—and no workers were inside.

Police and fire officials believe the unidentified caller detected fumes escaping from the 15-foot-high tank and mistook them for ammonia. Investigation disclosed no trace of ammonia.

The wrecked tank contained a highly volatile solvent used in treating textiles, and the explosion released poisonous fumes, officials said.

Killed by the violent concussion that showered liquid and metal in all directions and slammed firemen against a nearby brick wall as if they were straws in the wind were:

Deputy Fire Chief Thomas A. Kline, 59; Battalion Chief John W. Magrath, 61, and Battalion Chief John J. News, 61.

Hosemen Joseph Bandos, 56, and Joseph Tygh, 33, died hours later of injuries sustained in the blast.

U. S.-Soviet Ties Periled By Incident

MOSCOW, Oct. 28 (AP) — The United States was reported today to have emphasized to the Soviet Union that it takes a most serious view of a Moscow incident involving two American Embassy wives. One of the two, declared "an undesirable person" by the Soviet Foreign Ministry, said she is leaving the U.S.S.R. Wednesday.

U. S. Ambassador Charles E. Bohlen called on Soviet Foreign Minister V. M. Molotov just before noon to discuss the situation arising from the incident involving Mrs. Karl E. Sommerlatte, wife of the embassy second secretary, and Mrs. Houston Stiff, wife of the assistant naval attaché.

In Washington, the U. S. State Department said Bohlen reported he had failed to get Molotov to reverse the order for Mrs. Sommerlatte to leave. Bohlen said in his report he had made a strong representation to Molotov on the serious view the U. S. government takes of what it considers mistreatment of American diplomatic personnel in Moscow by Soviet police.

Mrs. Sommerlatte, subject of a bitter campaign in the Soviet press following a picture-taking incident in a Moscow factory district, said she expects to leave Moscow next Wednesday. Whether this was the result of Molotov's insistence in his interview with Bohlen could not be immediately learned. If Molotov insisted on the Soviet Foreign Office characterization of Mrs. Sommerlatte, she would have no choice but to leave.

(Arriving in Helsinki, Finland, after a Soviet tour, Sen. Margaret Chase Smith (R-Maine) said she would not be surprised if Soviet-American relations were broken off "at any time by either side." She made the remark immediately following reporters' questions about the embassy wives incident, but declined to elaborate.

In Washington, it was understood the United States was concerned not only about this incident but with others regarding the diplomatic immunity supposed to be enjoyed by embassy personnel.

Officials in Washington said there is no thought of breaking relations with Russia over the case of embassy wives. Sen. Smith's comment was interpreted at the State Department as being meant in a general sense—that relations between Washington and Moscow are so bad that a break would not be surprising.)

Mrs. Sommerlatte fixed her departure for a day when the embassy expects to have couriers leaving, because Ambassador Bohlen did not want the Sommerlattes to travel alone. Informed sources said her husband would leave at the same time or shortly after. The two were scheduled in any case to leave the Soviet Union three months from now.

The accusation was that Mrs. Sommerlatte struck a workman. But Mrs. Stiff said that actually it was she who struck the workman in an effort to free Mrs. Sommerlatte, who was being forcibly held at the door of a workers' club.

Prematurely Old Girl Found Dead

CHICAGO, Oct. 28 (AP) — An 11-year-old girl who suffered from a rare fast-aging disease that gave her the appearance of a woman of 75 was found dead today.

The coroner's office began an investigation of whether death was caused by ravages of progeria—premature senility—or a fall she suffered in school Tuesday.

School Unification Issue Poses Questions About Enrollment, New Building Program

By Leonard Randolph. Crowded conditions in Monroe County schools are growing progressively worse with each passing year.

Stroud Township, Stroudsburg and Delaware Water Gap are not exceptions to this condition.

As a natural outgrowth of increased adult population, the schools have become crowded. Post-war increases in the birth rate have placed crowded conditions at an all-time record high.

One logical answer to overcrowding is an expanded building program. If there are more students, more room is needed to house them.

WEST GERMAN Chancellor Konrad Adenauer is warmly greeted by Secretary of State John Foster Dulles as he arrives at the Washington National Airport for talks with President Eisenhower and top government officials. In center is Walter Hallstein, West German foreign minister. The 78-year-old German leader expressed his gratitude to the United States for its aid in the imminent restoration of his country's sovereignty and pledged "continual friendship." His visit follows by only a few days the completion of the Paris agreements which will end Allied occupation of West Germany.

German Reunification Hopes Tied To Strong Free Europe, Adenauer, Eisenhower Agree

WASHINGTON, Oct. 28 (AP) — President Eisenhower joined West German Chancellor Konrad Adenauer today in tying Germany's reunification hopes to a strong free Europe rather than Russia's proposal for four-power talks.

In a joint statement the two heads of government said they have "no doubt that the strengthening of free Europe which will result from the recent London and Paris agreements will aid our efforts to bring freedom and unity to all of the German people."

They found nothing new in the latest Soviet note, one of a series dating before West Germans the lure of a conference of Russia, France, Britain and the United States that might end the division of their country. Eisenhower and his guest, Adenauer, agreed:

"It is our initial view that this does not seem to offer any new proposal on the part of the Soviet Union; it appears essentially as a reiteration of the positions taken by Mr. Molotov — Soviet Foreign Minister V. M. Molotov — at the conference in Berlin regarding Germany and European security."

Thus Adenauer received renewed support from the highest level of the U. S. government for his campaign to have the German Parliament put its trust in the Paris and London agreements on German sovereignty and rearmament.

These agreements, completed only five days ago, must stand their chances in all the parliaments concerned, including the West German Bundestag, which is expected to meet in Bonn, perhaps by more insistence on four-power talks on German reunification, perhaps by more spectacular moves such as withdrawing troops from East Germany or proposing a peace treaty with neighboring Austria.

Ehlers, German Leader, Dies

OLDENBURG, Germany, Friday, Oct. 29 (AP) — Dr. Herman Ehlers, 59, Christian Democratic president of the West German Bundestag (lower house of Parliament) died today following a tonsil operation.

His death vacated a position of important leadership on the eve of what probably will be the biggest battle yet in the young West German Parliament over ratification of the Paris agreements restoring German arms.

Ehlers, a member of Chancellor Konrad Adenauer's party, was a staunch Protestant churchman who led in the campaign for a united Europe and German sovereignty.

Jury Of Five Women, Seven Men Sworn In

CLEVELAND, Oct. 28 (AP) — A jury finally was sworn in today to try Dr. Samuel H. Sheppard for the murder of his pregnant wife, Marilyn.

It is made up of seven men and five women, including housewives and mothers, childless men and fathers, a timekeeper, a hardware store manager, a Negro divorcee, an industrial engineer, a tool and die maker, a railroad ticket cashier, a receiving clerk, a real estate agent and a construction superintendent.

Only one member is a college graduate—James C. Bird, the cashier, who once taught school in Beckley, W. Va.

None of the 12 moved in the relatively exalted social strata of the 30-year-old defendant. Sheppard's family is one of the most prominent in Hay Village, a suburban town of 11,000 about 12 miles west of here on Lake Erie.

Common Pleas Judge Edward Blythin called the 12 seated jurors above average for his courtroom, and "fair. . . impartial. . . intelligent."

Just before the jury was sworn in the ninth day of the trial, defense attorney William J. Corrigan renewed his motions for a delay or a transfer of the case to another county. Judge Blythin turned them both down.

The next order of business was the selection of two alternate jurors, who will substitute for any regular panel member who becomes ill or dies. First evidence in the case is not expected before next week.

Travis Indicted

WASHINGTON, Oct. 28 (AP) — The Justice Department today announced return of a six-count indictment charging "Maurice E. Travis, of Denver, Colo., secretary-treasurer of the International Union of Mine, Mill and Smelter Workers, with making false statements in denying Communist party membership."

As far as school administrators locally are concerned, the best way to solve the problem is to combine the districts, pool their resources and set up a legal framework upon which plans can be definitely made on a lasting, permanent basis.

According to Stroud Township board members, Stroud cannot continue to take more students into its Clearview school than it now serves.

Although no critical problem now exists in Stroudsburg schools, so far as crowding is concerned, the borough system provides secondary (Continued on page five)

\$2,300,000 Grant To Provide School Milk At Reduced Cost

HARRISBURG, Oct. 28 (AP)—The state is now negotiating contracts with school districts throughout Pennsylvania that may soon make milk available to school children at two or three cents a half pint. Under a federal program announced last month \$2,300,000 will be made available to Pennsylvania for reimbursement to schools on milk purchases until next July.

"Truthfully, it appears to us that it will take tremendous interest in the new program to reach the point where anywhere near the money available is used up," said Robert T. Stoner, director of the State Bureau of Adult, Vocational and Practical Arts Education.

The bureau is part of the State Public Instruction Department which administers the school lunch program through a school lunch and nutrition division.

Two division officials are conducting a series of 17 meetings with school administrators throughout the state.

"It is entirely possible that some contracts have been completed at the early meetings," Stoner added. "But they haven't been received here yet."

The department will refund four cents a half pint for all milk sold to new participants in the program. Old participants will be granted three cents a half pint for all milk sold above a base average of last year. A half pint of milk

Movement Launched To Solve School Problems In West End

Five-District Committee Organized

A HAND-PICKED investigating and study committee has been formed in the West End to find solutions to pressing school needs. Five districts are represented by the group. One of the first announcements of formation of the committee was made before Chestnut Hill PTA recently.

The report was made in the same room where the now-defunct Pleasant Valley Jointure breathed its last after floundering along for two years.

The newly-formed committee has no connection with the former jointure. It consists of two members from each of the five townships—nearly all of them PTA members.

Represented are Parent-Teacher units or school groups from Chestnut Hill, Ross, Eldred, Polk and Hamilton Townships.

The first report of the committee's organization was made at Chestnut Hill. Other PTAs have since received similar reports.

Robert Anderson, Bethlehem Steel Co. executive from Saylorsburg, is chairman of the group, named the "Parent-Teachers Combined School Committee."

He indicated that the purpose of the committee was to plunge as deeply and factually as possible into the educational problems now plaguing the West End districts in a fresh attempt to find adequate remedies, workable solutions.

This was the way he explained the committee to Chestnut Hill PTA members in his initial report:

"Part of the present strength and future progress of our community lies in its public education system.

"The responsibility for success or failure of this system cannot lie solely with school directors nor professional educators; it lies also with each citizen.

"This committee is a recognition of that responsibility. Its members represent five townships of Monroe County: Chestnut Hill, Eldred, Hamilton, Polk and Ross.

"Between these districts exists a fund of natural ties, the result of mutual geographic, economic and social interests. It is fitting that these districts work in concert to solve their mutual problems.

"To that end these committee members have joined in pursuit of a common goal; the soundest and most complete educational system possible for the young people of this community.

"The committee will strive to inform itself regarding the current school situation in the community, educational needs thereof, the financial ability of the community and all possible avenues leading toward solution of existing problems. In so doing it will act as an extension of the citizens of the community and as representatives of parent-teacher associations in the five townships.

"What the committee learns, is told or concludes, will be placed before the citizens of the community for their consideration.

"It is the committee's belief that through constructive thought and effort based on sound information, the goal can be reached."

Pope Honors Two Scranton Men

WASHINGTON, Oct. 28 (AP)—Two Scranton, Pa., men—Eugene Butler and Thomas Hinton—yesterday received papal decorations for their work with the National Catholic Welfare Conference and other activity in the Roman Catholic Church.

The decorations, awarded by Pope Pius XII, were presented to the two at a ceremony at the NCWC office by the apostolic delegate to the United States, Most Rev. Amleto Giovanni Cicognani.

Butler, legal director for the conference, was made a knight commander in the Order of St. Gregory the Great.

Hinton, executive director of the National Catholic Community Service Organizations, was made a knight in the Order of St. Gregory the Great.

School Unification Poses Questions About Building

(Continued from page one)

education facilities for students from not only Stroud and Delaware Water Gap, but also from Hamilton and Mount Pocono.

Stroudsburg, too, has reached the maximum saturation point so far as student enrollment is concerned, counting these tuition students. When the number of tuition students increases, as it is bound to do during the next few years, the borough system will be heavily overburdened.

A union school district, if approved by the voters in all three districts on Nov. 2, will provide an alternative to the Clearview overcrowding, at least.

Under terms of a union, pupils may be sent to school at the school nearest their homes. This would eliminate some of the present necessity for transporting some Clearview pupils by a long, circuitous route which runs almost directly past another elementary school building.

By placing the student in the school nearest his home, the union can help solve not only the crowding of a school but also the general cost of transportation to the district.

"Cutting costs in all areas where possible would also be of prime concern to the overall union board. There is a good probability that some economies could be effected for all three districts on formation of the union.

School board officials and administrators hasten to emphasize currently, however, that no economy could be practiced by "dropping teachers" from employment—a question which is often asked by residents.

Board reasoning on this subject is that it is necessary to employ more teachers as population increases. Under no circumstances would the formation of a union cut down the size of student population.

Therefore—all teachers who are now employed and are under contract would continue under contract by a simple process of mathematics.

The principal concern of school board members, educators and residents of all three districts is the provision of the best possible education.

Small Game Season Opens Saturday; Official Says Prospects Appear Bright

HARRISBURG, Oct. 28 (AP)—Small game hunting begins in Pennsylvania Saturday morning with the state's top game official predicting "a very good season."

Open hunting on ruffed grouse, bobwhite quail, wild turkey, ring neck pheasant (male only), cottontail rabbits and gray, black and fox squirrels will extend from 9:30 a. m. Saturday until 5 p. m. Nov. 27.

Sunday hunting is illegal. Hunting hours are 7 a. m. to 5 p. m.

"From reports I've received from the sportsmen and our own people, I feel that we are going to have a very good season," predicted Dr. Logan J. Bennett, executive director of the state game commission.

He based this prediction on two factors: "We've had quite a bit of moisture so hunting conditions underfoot should be good, although right now it looks like it will be a snap opening day. And, the game population seems to be just about what it should be."

"It will be the second consecutive Saturday opening for the small game hunt in recent Pennsylvania history. The Saturday opening was adopted last year on a trial basis upon urging of organized sportsmen of the state. It allows a greater percentage of hunters to take advantage of the first day because many persons are off work.

Dr. Bennett said that the sale of 1954 hunting licenses is running "about what it was last year" but he added that with a big surge this week "it probably will end up a little higher." Last year's total of \$69,783 resident and \$6,664 non resident permits was a state record. The resident license costs \$3.15 and can be bought from issuing agents throughout the state. Non resident licenses cost \$20.

Small game limits for 1954 are: ruffed grouse—8 for the season and 2 for any one day; bobwhite quail—12 season 4 a day; turkey—1 season and 1 day; male ringneck pheasant—8 season 2 day; cottontail rabbits 20 season 4 day; squirrels—20 season 4 day.

There will be no open season this year on hen pheasants, sharp tailed grouse or Hungarian partridges.

Since last fall quail and turkey have been added to the list of legal game. This will be the first statewide open season on turkeys since 1928.

Regulations covering possession and transportation limits of legally killed small game are the same as last year. They provide that not more than the daily limit for the first day nor more than an accumulated total for each succeeding day of the open season for each species. Small game cannot be in excess of the season limit, of course, regardless of where held, stored or carried.

Ex-Judge Hand Dies On Vacation

MIDDLEBURY, Vt., Oct. 28 (AP)—Retired Judge Augustus Noble Hand, 85, of the U. S. Circuit Court of Appeals, died here today while vacationing with Mrs. Hand.

Judge Hand, whose Second Circuit Court covered Connecticut, New York and Vermont, was found dead in his hotel bed. Death was due to natural causes. His home was in Elizabethtown, N. Y.

Among cases in which Judge Hand heard initial appeals were the Alger Hiss conviction and contempt sentences against lawyers for 11 top American Communists convicted of conspiracy.

During the Roman occupation of Britain early in the Christian era, the legions set up three permanent bases for control of the country.

In equal fairness it must be pointed out that the larger district derives revenue from the placement of tuition students with it.

Stroud Township, Delaware Water Gap and Stroudsburg, with all practical intent, have been operating cooperatively on the secondary level for many years.

Each district benefits from the progress and good health of the other two.

This is the basic tenet of the school union theory—unification for the best result to all concerned.

Barrett YMCA Membership Drive Opens

MOUNTAINHOME—A report of the Barrett YMCA's membership enrollment shows that over one-third of the goal has been reached since its opening date, Oct. 15.

The present Board of Managers is conducting this initial enrollment for a period of one month with the second report due at the board meeting Nov. 9. The campaign is for adult members only. Large numbers of young people already are enrolled. Dr. Herbert Lorenz is chairman of the membership committee.

An attendance of over 1200 has been recorded since the building opened Aug. 8 for youth participation in informal recreation.

All club groups are again organized for the coming program year as follows:

Barrett Tri Hi-Y with 22 girls in the high school age group. The Barrett Community Club sponsors this group and Paul Miller is the chairman of the advisory group.

Kohanso Indian group with 12 boys of junior high school age. Gra-Y with 18 boys in the 4th, 5th, and 6th grades.

Barrett Hi-Y having 15 in the present group. Thus, 67 youths are enrolled in the YMCA's weekly club program.

The Saturday movies have been successful with over fifty boys and girls attending these full length features every other Saturday afternoon.

Three Democratic Candidates To Speak At Rally Tonight

THE DEMOCRATIC party in Monroe County is staging another major rally of voters in the Courthouse, Stroudsburg, at 8:30 p. m. today.

Once again the featured speaker will be Rep. Francis E. Walter (D-Easton).

Other speakers will be John Brislin, candidate for State senator and Van D. Yetter, candidate for representative in the General Assembly.

Sheriff Jacob Altemose, Democratic county chairman, said yesterday the meeting is for all voters in the county.

Witnesses Give Testimony On Y Plea For Injunction

(Continued from page one)

question, Weingartner replied he didn't "recall any particular statements," and that he had asked the business agents to be present "to try to iron out the situation."

Elmer J. Kiefer, member of the Rinker-Kiefer firm, testified next. He said he was an engineer and was at a "job conference" at the Y site Oct. 19, 1953, when Lyons and Paul, some Y directors, contractors and their men were present.

Kiefer said he heard Paul say the YMCA job "would not start until all details were cleared up and all trades are union; and until then, the (Plumbers Union) picket will remain."

Attorney Cohen objected unsuccessfully to this testimony. Attorney Williams called John R. Wilson, general secretary of the Y, who reviewed the offices and purposes for which the Y exists.

He told of receiving total pledges of \$561,000 in the two building fund campaigns which have been conducted for the YMCA.

In September, 1953, there was no arrearage in the periodic payment on pledges, said Wilson. In May, 1954, there was a \$10,000 arrearage; and in July, 1954, the shortage rose to \$15,000. Then work was resumed on the building as a court injunction ended the Plumbers Union picketing; Wilson said the shortage dropped to \$10,000 again.

Williams asked the secretary if any pledgers had said they wouldn't pay because of the work stoppage. Defense counsel Cohen objected unless Williams could show the shortage in pledge payments resulted from some unlawful act of defendants.

Judge Davis sustained the objection. Williams said his purpose was to show the "irreparable loss" alleged in the injunction complaint. He called on Wilson to name names of those who had cancelled pledges. Wilson named one man. He said another 10 letters in his files said pledges would be cancelled unless work was resumed. Another 30 persons, Wilson estimated, told him verbally they would pay if the money was needed, but didn't like to pay when there was no obvious progress.

Under Williams' questioning Wilson recalled the events leading up

to the first picketing by the Plumbers Union.

He said Lyons had telephoned him from Easton and said there was "possibility of difficulty arising over the building in view of the non-union situation . . . that employing non-union men would cause a work stoppage."

Wilson said Lyons asked him to "intercede with the board to start some action or procedure to lay the groundwork to eliminate the difficulty."

The secretary said he took that to mean, "eliminating non-union labor. I said it was out of our jurisdiction . . . that the contracts had already been let."

In a conference in Wilson's office with Lyons, Paul and Y president Dayton W. Frankfield present in October 1953, the secretary said he was informed "the only way it could be settled was that all men on the job would have to be union. It was again stressed that the board of directors must take some sort of action."

Asked about any statements Lyons may have made at that session, Wilson said he didn't recall Lyons "saying anything about unions."

Cohen objected to Wilson's testimony on the grounds that Attorney Williams was "reading a sinister purpose into Lyons' telephone call . . ." Williams replied he did not imply anything sinister nor sinful in the telephone call . . .

Cohen said he thought the "pivotal point of the whole case . . . was whether there was concert of action (between the two unions) just because the business agent of one union was present when the business agent of another union" was negotiating or conferring.

Moving on to a later meeting at the Indian Queen Hotel in Stroudsburg, Wilson said: "Lyons told the group I was in that the electrical union was determined to have union men on the job. I think there were some words to this effect: 'that we would have trouble all over again unless the plumbing trouble was settled.'"

On cross examination Cohen plunged into the question of how many pledgers lived outside the State. He said the issue was relevant because it might show the Y was in interstate commerce. Williams said the pledge cards would be available for Cohen's inspection.

Three From College On Wayne Panel

MISS JOSEPHINE Kerns, Mrs. Helen Booth and Marvin Burrus, grade supervisors in the Laboratory School of the State Teachers College served on a panel for the grade teachers of the Western section of Wayne County on Wednesday night at Waymart.

The discussion centered around class activities to improve classroom teaching. Each of the panel members gave several examples of successful activities which have been carried out in classes in the Laboratory School.

Larger project materials furnished by members of the Laboratory School faculty were on display for the benefit of the teachers.

Conferences of this type are held periodically in the several districts of Wayne County and are promoted by the office of the county superintendent of schools.

Attending with the more than twenty teachers at the conference, following a dinner, were Robert Wilson, principal of the Waymart Schools and chairman of the West county conference district, Homer Ammerman, superintendent of Wayne County Schools, Paul T. Ryder, assistant superintendent, and Dr. Bennet Strait, tri-county supervisor of special education. Dr. Ryder served as moderator of the panel.

Cohen asked that all pledge cards and records be brought in to today's court session. He said he intended to go over "each and every card."

Wilson said to the best of his knowledge there was only one pledger who lived outside Pennsylvania.

Going back over his testimony under questioning by Cohen, Wilson reiterated some of his statements.

Wilson said he didn't hear Lyons suggest to Kime that he give up the YMCA job.

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down
When kidney function slows down, many people complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. VA To Conduct Service Program

DR. M. HERBERT Fineberg, manager of the Wilkes-Barre Veterans Administration Hospital, announced yesterday that a pilot program for the Veterans Administration voluntary services will be conducted at that hospital Nov. 3, 4 and 5. This program, the first of its kind to be conducted by VA, is being held primarily to analyze and

evaluate the work being done by volunteers at the hospital.

Medical and administrative staffs of the hospital, as well as representatives of the VA area medical office in Trenton, N. J., and officials of the VA in Washington will actively participate in the three-day session.

A group of representatives, at the national level, will be present to give their views on the organization of volunteer programs in VA Hospitals.

400 Soroptimists Greeting At Pocono Manor For 3-Day North Atlantic Reg. Conf.

The vanguard of more than 400 members of the Soroptimist Clubs of the North Atlantic Region is arriving this morning at Pocono Manor Inn for a three-day convention. New York, New Jersey, Pennsylvania and Delaware Soroptimist Clubs will have delegates at the convention.

Mrs. Pluma Batten, president of the American Federation of Soroptimist Clubs, is flying home from Munich just in time for the convention. She has been visiting the stations and facilities of the radio stations and facilities of "Radio-Free Europe" for interviews and recording sessions and a tour to the Czech "Iron Curtain" countries.

Mrs. Batten, superintendent of schools of Salem County, N. J., was one of the heads of the national organization who made up the tour sponsored by the American Heritage Foundation.

The Stroudsburg Soroptimist Club is one of the hostess clubs to the regional convention. Mrs. Jean Barthold and Mrs. Marguerite Clark, president and past president of the local club, are on the official convention committee.

Also planning to attend are Mrs. Lulu Harvey, Mrs. Helen Minnich, Mrs. Alice Saunders, Mrs. Florence Clark, Mrs. Ethel Johnson, Mrs. Stella Shade, Mrs. Lillian Wagner, Mrs. Violet Price, Mrs. Marjorie Hamblin, Dr. Nina M. Price, Miss Violet Clark, Mrs. Lena Slaboski, Miss Margaret MacLaren and Mrs. Ida Kunkle.

Registration will be held tonight at 7 and will be followed by a reception in the Halloween motif. Miss Violet Clark, member of the local club, will show and speak on her famous "Masks." A member of the Fellowship of the Pennsylvania Academy of Fine Arts, Phila., and the Pocono Mountains Art Group, Miss Clark has exhibited her masks widely.

There will be two forums on Saturday morning followed by the Fellowship Luncheon with the

Stroudsburg Club as hostesses. At this luncheon, Mrs. Batten will be presented in a candlelight ceremony with Mrs. Mildred Hoffstadt, Stroudsburg, singing "The Lord's Prayer" with Miss Bess Gardner as accompanist.

Mrs. Dora Lewis, of New York, new Governor of the Region, will preside at the meeting, on Saturday afternoon.

The dinner Saturday night will be the main social affair. The speaker, Miss Anne Laughlin, who will speak on "Can Freedom Survive?" Miss Laughlin spent two years in Soviet-dominated Bulgaria as Chief of the United Nations International Children's Emergency Fund. For six months of 1951, after diplomatic relations between the United States and Bulgaria were broken off she remained there, the only American in all Bulgaria, until she had completed her UNICEF mission of daily feeding some 550,000 Bulgarian children.

Preceding Sunday's sessions, the Soroptimists will participate in a breakfast at Skyline Inn, with Venture Club, the young business and professional women's club sponsored by Soroptimists.

During Sunday's closing sessions, a symposium will be held. An informal buffet will close the conference.

Your Horoscope Today

By FRANCIS DRAKE

FRIDAY, OCTOBER 29, 1954
March 11 to April 20 (Aries)—Control emotions today and cooperate when and where you should to better relations with family, co-workers, relations employer and employees. Occupational matters can advance.

April 21 to May 20 (Taurus)—Mild influences sandwiched in between yesterday's fine rays and tomorrow's promising aspects. Finish incomplete tasks, tend to urgent duties briskly but without strain or worry.

May 21 to June 21 (Gemini)—Mercury vibrations stress a need for calmness and serenity. Flood and you will do better in every way today. Some difficult tasks, situations? How did you handle them before? Profit by past experience.

June 22 to July 23 (Cancer)—Advice to Taurus pertinent to you now. Be your thoughtful, helpful and genial self and you will have fewer troubles. Don't try the unreasonable nor seek over-generous returns.

July 24 to August 23 (Leo)—The Sun, your natal planet is well-expected on the day promises much. If you control temper, impatience, and attend to important matters first. Some other vibrations warn against selfishness.

August 24 to September 23 (Virgo)—There may be some restrictions now that does not mean you are not achieving returns from routine efforts. Be less demanding, more resigned to small sales.

September 24 to October 23 (Libra)—Familiar matters, work or other activity for which you have training and talent will be less trouble and run more smoothly perhaps than new, difficult propositions. Use your usual good judgment.

October 24 to November 23 (Scorpio)—Your Mars and several other planets indicate restrictions, so be careful not to engage in unnecessary or unpleasant discussions or become involved in legal, property, or other entanglements. Smile.

November 24 to December 23 (Sagittarius)—A rather negative day generally for finances, quick money gains, but it is often a day to watch trends and this be better fit when more propitious days come along. December 24 to January 21 (Capricorn)—Big events and showy (but temporary) achievement are not always preferable to quiet contentment or lasting gains. Be mindful of so-called "little" jobs and "little" people who can do much toward shaping opportunities.

January 22 to February 20 (Aquarius)—You may have to do more just now than ordinarily if you would capitalize on available opportunities. You can do it, too. Control restlessness and be "the lady" every day.

February 21 to March 20 (Pisces)—Mild influences early in the day become very friendly ones after mid-day. Unless new matters are urgent, take care of the tasks now hanging over you, avoiding completion. A quiet day in some ways.

March 21 to April 20 (Aries)—You! BORN TODAY are pleasant, enterprising, and highly talented. Aim always to cultivate your fine assets and to submerge any tendency to pride and to submerge any tendency to pride and to submerge any tendency to pride.

ONE FRIDAY NIGHT, two Saturday afternoon and a single Saturday night clash comprise the weekend football schedule for local schools. Two of the four battles shouldn't pose much of a problem for the area forces, but the other two clashes should be knock-down, drag-out affairs which may or may not be decided in the final minutes of play and by the narrow margin of one touchdown.

East Stroudsburg should have very little trouble side-tracking an aerial minded Coplay contingent Friday night, although pass defense hasn't been one of the Cavalier's strong points to date this season. Coplay is the type club that throws the ball any distance and from any angle, not to mention at anytime. This is the sort of squad that can score without notice. But, East Stroudsburg should win without trouble, even without Roger Strouse in the lineup and with co-captain Mike Palmisano seeing only limited service with a leg injury.

The other contest which should not pose much of a problem as far as selecting a winner is concerned pits East Stroudsburg State Teachers College against Kutztown, on the latter's home field. Although the Warriors may not be quite up to snuff physically, the lads from Normal Hill present just too much of a football team for Stroudsburg's Dick Campeotto and his Kutztown teammates. The only thing that may hamper the Warriors this weekend is their mental attitude following last Friday's brilliant victory over West Chester.

Saturday's two tough picks feature Stroudsburg against Catasauqua and Bangor against Nazareth. Nazareth will undoubtedly be the pick of the wise boys who follow every move of area grid machines, but this scribe will crawl far out on the end of a very thin limb and pick both Bangor and Stroudsburg to turn in favorable decisions. Both the Mountaineers and Slaters must be at the top of their game to side-track their foes.

Reports from the practice field indicate that the Mountaineers are anxious to make up for last week's showing against Whitehall, at which time the charges of Coach Jerry Stulgaitis lost their only Lehigh Valley League game of the season. True Stroudsburg will go to the post without the services of Roger Lane, its number one running back, but I figure the desire of the Mountaineers to make up for lost ground will carry them to victory over one of the toughest clubs in the entire Lehigh Valley League. I also have a feeling that Burt Kleinle will play a major role for Stroudsburg.

It has been my contention that Kleinle is one of the five fastest backs in the Lehigh Valley League and I feel that if the senior ball carrier lets himself go tomorrow night he will play a major role in a Stroudsburg victory. I am laboring under the impression that we will see the Mountaineers return to their pre-Whitehall stature as one of the best grid machines in this area. A win would put the Stulgaitismen back into second place in the standings.

Bangor plays an important game at Nazareth tomorrow afternoon. Nazareth is unbeaten against league competition, while Bangor has bowed before Wilson Borough for its only circuit setback. The Slaters are at full strength for the first time all season. They have a fleet of good backs and a strong line. Coach Granville "Granny" Evans has also developed a strong defensive secondary. The balance of the Bangor grid machine will carry it to victory in this writer's humble opinion.

It is not necessary to remind one and all that Nazareth presents an annual football powerhouse and at this point is currently one of two undefeated teams in the Lehigh-Northern League. The other club with a spotless record is Wilson Borough, a machine that runs head-on into Nazareth on Thanksgiving Day. Although Nazareth presents one of the best eleven in the area, it can't match Bangor for speed, the factor I'm counting on to push the Slaters. Speed and good physical condition should tell the story.

Last week we went wrong on the East Stroudsburg State Teachers College-West Chester and Stroudsburg-Whitehall games. We evened matters by coming up with the correct answer in the Wilson-East Stroudsburg and Bangor-Coplay encounters. Our seasonal record to date is 17 correct predictions and six of the wrong variety. The percentage at the present time is .739 and growing weaker with each succeeding week.

American League Turns Down Quaker City Group

By JACK HAND
NEW YORK, Oct. 28 (AP)—The groggy Philadelphia Athletics stayed in the hands of the Mack family tonight after the bid of an eight-man Philadelphia syndicate was thumbed down by the American League in a six-hour meeting.

According to one club executive, the secret vote on the proposal to sell to the Philadelphia Syndicate was 4-4. It was believed New York and Baltimore were in opposition and Detroit, Washington and Cleveland favorable. That left Chicago, Boston and Philadelphia to be accounted for. Six votes are needed to approve new owners.

Charles Comiskey, vice presi-

dent of the Chicago White Sox, said a "divergence of opinion in the Mack family on how the stock must be sold" was a reason for the owners' refusal.

"I will not come back to any more meetings until the Mack family (91-year-old Connie and his two sons, Earle and Roy) has settled their own affairs among themselves. It seems they can't make up their minds. There are others who feel the same."

Earl Hilligan, director of public relations for the league, said the \$3,375,000 offer by Arnold Johnson, Chicago industrialist, to buy the A's and move the club to Kansas City was not discussed at this meeting. Hilligan had an-

nounced at an October 12 meeting in Chicago that Johnson had been approved as an owner and Kansas City as a site, pending sale of the stock by the Mack family.

Whether Johnson will make another bid to acquire the Mack stock was not positive. He said he wanted to talk things over with his lawyer before deciding on his next step. However, he said he still was hopeful of getting the club for Kansas City. Johnson's lawyer, Edward L. Volers of Chicago, said it was his opinion that "if we were to make another offer, it would require no further action by the league."

"As far as the American

League is concerned the situation is status quo," said Will Harridge, league president. "The Macks have the ball club, they own the stock. They are going to operate the club. That's as far as we know for now."

The eight-man syndicate, which was ready to put up about four million dollars for the A's, was baffled at the rejection.

Arthur Rosenberg, Philadelphia food chain executive who acted as spokesman for the group said, "We are very disappointed. We don't know what we are going to do." Arthur Gallagher, trucking firm executive, added, "we'd like to know what the objections are."

Rosenberg and Gallagher and

their lawyer, Sam A. Blank, had appeared before the league members in executive session. Johnson had been called into an anteroom briefly to answer one question. He wouldn't say what he was asked.

From time to time the elderly Mr. Mack, who founded the club, came down from an upstairs hotel room, on the arm of his chauffeur. He left shortly before the official announcement and was overheard telling a friend, "Philadelphia was turned down."

Hilligan emerged from the suite at the Waldorf-Astoria where the meeting was held to make the announcement to the press in a hallway.

He said:

"The transaction presented to-day by the Philadelphia group failed to receive a vote of approval. The meeting was adjourned to permit the Macks to return to Philadelphia to attempt to work out their problem."

There had been a sharp division in the Mack family, who held all the stock—Connie Sr. 604 shares, Roy and Earle, each 163 shares.

Rejection by the league, coupled with an option deadline of tomorrow appeared to have snuffed out the Philadelphia syndicate.

It still is possible that a new

group might be organized to seek league approval, that the Macks might try to struggle through themselves or that they might complete the deal with Johnson.

Harridge set no new date for a future meeting and left immediately for his Chicago home. The club executives soon were on trains or planes with the Philadelphia muddle still unsolved.

The A's finished in the cellar and drew only 323,000 fans last season. They were reported in financial trouble and already were heavily mortgaged to a Connecticut insurance company.

The league now has held three meetings within a month, without solving its most pressing franchise problem.

East Stroudsburg High Entertains Coplay Gridders

Cavaliers In Final Night Game

EAST Stroudsburg High School will play its last night football game of the present campaign today, as Coplay provides the opposition at Memorial Stadium. The kickoff is scheduled to take place at 8 p.m.

Coach Jack Kist's Cavaliers will open hostilities with practically the same club that has carried the bulk of the weight thus far this season. The one exception is Roger

Peckman Injures Leg

GARY "Jeep" Peckman, reserve back, has been lost to the East Stroudsburg High football team for the balance of the season. Peckman suffered a cracked fibula bone, small leg bone, during Wednesday's practice and is now on crutches.

Strouse, regular right guard, who is on the sidelines with an injured ankle.

Strouse's place will be taken by John Shaffer.

The remainder of the forward wall will feature Jim Kimler at left end; Mike Palmisano, left tackle; Bill Dimmick, left guard; Bob "Booster" Miller, center; Nick Patella, right tackle, and Danny Marvin, right end.

Dick Gray will direct the club from quarterback, while Bob "Red" Kupiszewski runs out of the left halfback post and Gene Plaza handles the right half duties. Doug Dailey is slated to open in the fullback slot.

Kist is hopeful that he can use a lot of his reserves in tonight's struggle with wireless Coplay.

Although Coplay hasn't registered a victory thus far this season, tonight's visiting crew can cause plenty of damage with its wide open passing attack.

Coplay has become famous through its aerial antics, throwing the ball at any time, any place and at any angle.

The Cavaliers enjoy an open date on the schedule next Saturday and then play host to Nazareth at Memorial Stadium the following Saturday afternoon.

East Stroudsburg and Stroudsburg bring down the curtain at Memorial Stadium with their traditional Thanksgiving Day grid struggle.

Johnson Stops Tisdale In Fourth

NEW YORK, Oct. 28 (AP)—Tony Johnson of New York scored a fourth round technical knockout over Billy Tisdale of Bridgeport, Conn., tonight in a scheduled eight-rounder at Sunnyside Arena. Johnson weighed 175 pounds, Tisdale 182½.

Referee Abe Simon stopped the bout after 47 seconds of the fourth round when Johnson had Tisdale on the verge of a knockdown after a steady body attack.

Dawson Gains Quick Victory

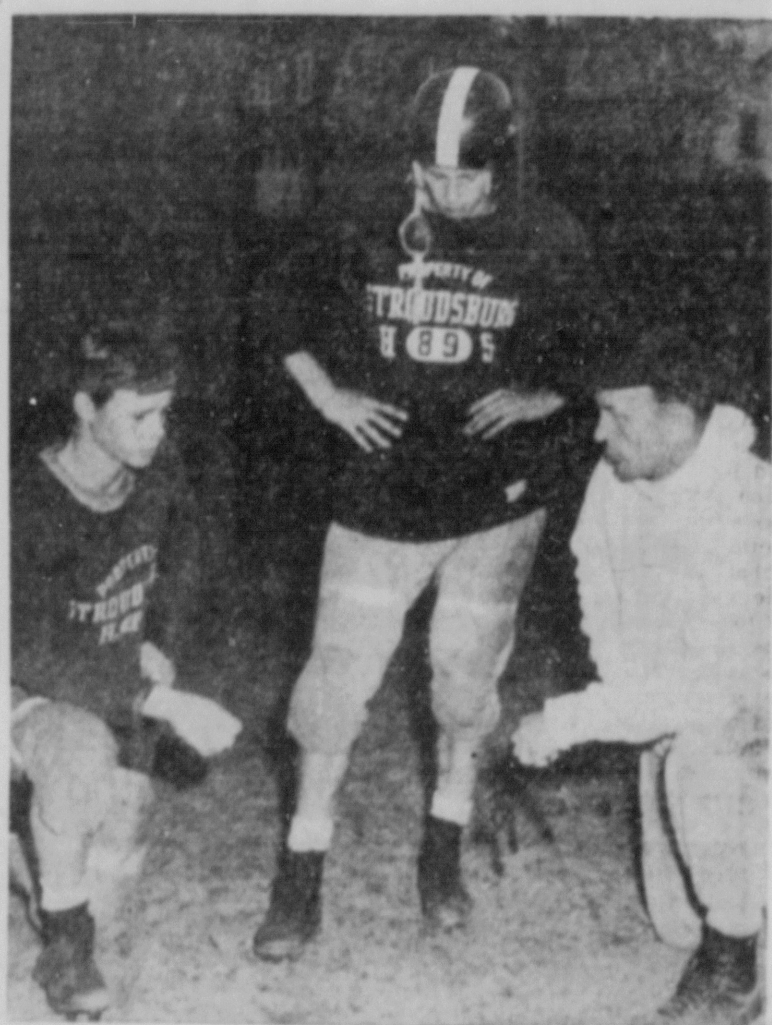

SYDNEY, Australia, Oct. 28 (AP)—Freddie Dawson, veteran Chicago welterweight, scored one of the quickest victories of his long career tonight when he knocked out Filipino Benny Felen in 2:25 of the first round.

The bout was scheduled for 12 rounds. Dawson weighed 148½ pounds, Felen 149.

Robbins Eliminates Evans In Amateur Golf

PINEHURST, N. C., Oct. 28 (AP)—Medalist Thomas C. Robbins of Larchmont, N. Y., defeated Chick Evans of Chicago, former U. S. Open and amateur champion, five and four, in quarterfinals of the North and South Seniors Golf Tournament.

In tomorrow's semifinals Robbins will face Spencer Overton of Baltimore, who scored a 5 and 4 quarterfinals victory over Ray Robertson of Indianapolis.

Dodd Suspends Ace Back From Georgia Tech Football Squad

ATLANTA, Oct. 28 (AP)—Halfback Billy Teas, Georgia Tech's top ground gainer, and four other football players were suspended today for the remainder of the season.

Coach Bobby Dodd would say only that the five were cut from the squad for violating curfew rules.

Guard-tackle Jackie Shoemaker, a senior from Chattanooga, was suspended a short time after the other four.

For Teas, a senior from Andrews, N. C., the suspension meant the end of his collegiate football career and it came at a time when he needed only three more yards gained to set a new career record at Tech.

Also suspended were senior halfback Larry Ruffin of West Point, Ga.; sophomore guard Harvey Brown of Augusta, Ga.; and freshman tackle John Lasch of Clairton, Pa.

Dodd always has made a practice of giving his players considerable leeway with regard to training rules, but has dealt harshly with violations.

"We know it is impossible to have a good football team without cooperation of all our players. When training rules are broken, those breaking them must go, be they regulars or reserves."

The loss of Teas came only 48 hours before Tech's game with Duke in Durham Saturday. Tech already was considered a touchdown underdog and the suspensions should send Duke's stock soaring. Teas, loss makes two Tech stars who will miss the Duke battle. All America center Larry Morris injured a knee against Kentucky Saturday and will be out two or more weeks.

Ruffin is a three-year letterman but since the end of two-platoon football has been used only as a spot runner because of defensive weakness.

Both Brown and Lasch were considered as outstanding prospects.

Veteran Coach Asks Change In Sub Rule

MORGANTOWN, W. Va., Oct. 28 (AP)—Art "Pappy" Lewis, coach of West Virginia's unbeaten Mountaineers, says the limited substitution rule has taken the fun out of college football and made duller scholars of the players.

In an appeal to college officials to restore the old two-platoon system, the hulking West Virginia mentor said today:

"A boy simply can't practice as hard and as long as it's necessary today, then play 60 minutes on Saturday and do a good job in his grades."

"Football is getting to be drudgery instead of fun, with no relief for the top players. And it's a shame to watch these boys drag themselves out on Mondays to continue practice. I know it's tough on their studies, too."

Lewis is preparing the Mountaineers for their battle here Saturday with Pittsburgh, a tough traditional rival which has beaten Navy and Northwestern on successive weekends. The game is a 34,000 sellout.

"The present rule is responsible for the wave of upsets and also for the runaway scores you see today," Lewis added.

Pitt Gridders Leave Campus

PITTSBURGH, Oct. 28 (AP)—The Pitt football team went through a bruising practice session today in preparation for Saturday's game at Morgantown, W. Va., with undefeated West Virginia University.

Coach Tom Hamilton and other members of the staff had nothing further to add on the abrupt firing of three squad members 24 hours earlier. Guard Ed Stowe from Raritan, N. J., guard Joe Los of Ellsworth, Pa., and halfback Gene Steratore of Washington, Pa., were dismissed after failing to appear for two consecutive practice sessions.

Steratore was the only member of the trio to show up on the campus today. A reserve halfback, he told friends he was disappointed that he had not seen more action with the football team.

Steratore said tonight he didn't attend practice Monday because he had a torn shoulder ligament.

Martinez Battles Fiore In Garden Main Event Tonight

NEW YORK, Oct. 28 (AP)—Vince Martinez, away from the ring since July 1, returns tomorrow night against Carmine Fiore in a 10-round match at Madison Square Garden.

The handsome Paterson, N. J., welter who gave Art Aragon the worst beating of his career in his last start and also stopped "Chuck" Davey May 26, is a 13 to 5 favorite to whip Fiore.

As usual, the Friday show will be carried on network radio and television (NBC), starting at 10 p. m. (EST).

Martinez easily defeated Fiore on a unanimous decision January 30, 1953, although he was shaken up by Fiore's jarring left hooks in the fourth and 10th rounds. The officials scored it 9-1, 8-2, 7-2-1.

Fiore's career record for 69 fights is an ordinary 47-17-5. Martinez has a 38-3 record.

Braves May Add Seats To Park

MILWAUKEE, Oct. 28 (AP)—First steps towards a third straight National League attendance record for the Milwaukee Braves were taken today with proposals for adding 10,500 seats to County Stadium.

Action on the plan, which would increase the county-owned stadium's seating capacity from its present 42,110 to between 51,600 and 53,600, will be taken next week by the Milwaukee County Board.

The discrepancy is due to the number of bleacher seats which would be sacrificed by the installation of more permanent grandstand chairs.

The Braves rocked the baseball world a year ago in their first season out of Boston by setting a league attendance record of 1,826,397. Last season the stadium capacity was boosted by about 7,500 seats — and fans responded by shattering the year-old mark with a new figure of 2,131,388 paid admissions.

Patterson To Meet Troy

NEW YORK, Oct. 28 (AP)—Floyd Patterson of Brooklyn, fifth ranking light heavyweight, and Willie Troy of Washington, sixth ranking middleweight, signed for an eight-round main event at Madison Square Garden November 19.

The fight will be televised and broadcast NBC. Under New York rules, Patterson is restricted to bouts of not more than eight rounds because he is only 19 years old.

POSITIVELY NO HUNTING in unharvested corn fields of the WEST END ROD & GUN CLUB. All violators and trespassers will be prosecuted.

East Stroudsburg Junior High School Ends Football Campaign At Hackettstown Today

EAST STROUDSBURG Junior High School will bring its football season to a close today when the Cavaliers battle Hackettstown Junior High on the New Jersey school's home field. The kickoff is slated to take place at 3:30 p.m.

The Cavaliers, coached by Les Dimmick, will risk their perfect record of three wins and no defeats. The three wins include two over Pen Argyl and one over the same Hackettstown crew earlier in the present campaign.

Dimmick is expected to stick with the same lineup that has carried the bulk of the lead thus far this season, despite injuries to three of his key players.

Evan Reese, first string quarterback, suffered a wrenched back in practice this week. Charley Lupin, Reese's understudy, came up with a bruised calf muscle and Bill Bood, regular left guard, is troubled with a damaged knee. The East Stroudsburg coaching staff is hopeful that all three will be able to play.

The starting lineup, providing the above trio is ready for action, will consist of Earl Walter, left end; Bob Stine, left tackle; Bond, left guard; Tom Long, center; Pat Martin, right guard; Foster Ladlee, right tackle; Bob Herman, right end; Reese, quarterback; Larry Smith, left halfback; Vic Ajjyn, right half, and Bob Angle, fullback.

Dimmick has been assisted in his coaching chores this season by Paul Morton, mathematics and social studies teacher at East Stroudsburg High.

Barrett Host To Polk In Soccer Conflict

Murraymen Seek Tie For First Place

CANADENSIS — One of the most important soccer games of the present campaign will bring down the curtain on the 1951 season of the Monroe County League today when Polk and Barrett clash here on the latter's home field.

The contest is scheduled to begin at 2 p.m.

Today's encounter is important to both Barrett and Polk.

A Barrett victory would enable the charges of Coach Joe Murray to tie Pocono for first place in the final standings. Pocono has completed its season with a record of three wins and one defeat while Barrett enters today's contest with two victories and one setback.

Polk, on the other hand, has lost all three of its games thus far and would like nothing better than to finish the campaign on a winning note.

Today's contest will also mark the end of the first season of soccer in Monroe County schools in many years. Pocono, Barrett and Polk were the only three schools that took part in the sport during the present campaign.

Spahn's Left Knee Repaired

OKLAHOMA CITY, Oct. 28 (AP)—Another knee operation similar to one he had done last year at this time was undergone today by Warren Spahn, ace southpaw of the Milwaukee Braves.

Today's surgery was on his left knee. Last year, his right knee was operated on. A section of loose cartilage was taken from both.

Spahn, hampered by effects of last year's operation early in the baseball season, regained his form to win 21 games.

Former Eagle Coaches Cardinals

CHICAGO, Oct. 28 (AP)—The winless Chicago Cardinals of the National Football League today signed as quarterback coach Tommy Thompson, a nine-season performer for the Philadelphia Eagles.

Thompson, 36, quit quarterbacking for the Eagles in 1950 and in 1951-52 was an assistant coach at Arkansas, tutoring Lamar McHan, current Card quarterback. In 1953, Thompson played with Winnipeg in Canada.

ESSTC Booters Hold Key To Championship

JOHNSTOWN, Oct. 28—Lock Haven must defeat East Stroudsburg on the latter's field on November 6 if the former is to share again co-chairmanship honors in the Pennsylvania State Teachers Colleges Soccer Conference.

Lock Haven and Slippery Rock shared top honors last year.

An East Stroudsburg win next month will automatically give the title to Slippery Rock.

The Rockets beat Indiana twice, 3-0 and 6-1. Lock Haven blanked the same winless Indiana booters, 6-0, and in only other conference game West Chester bettered East Stroudsburg, 3-0.

West Chester is not eligible for championship honors as two conference games must be played to be considered for the title.

Shaw Deadlocked For Third Place In Conference Scoring

JOHNSTOWN, Oct. 28—Paul Maley, California's sophomore backfield ace whose running stopped Shippensburg's 20-game winning streak, leads the scorers in the fourth season of play in the Pennsylvania State Teachers Colleges Football Conference.

The Ellsworth, Pa., Vulcan star scored seven touchdowns for 43 points. The leading scorers in conference games are:

East Stroudsburg's Charley Shaw is currently tied for third place with Indiana's Dick Gooderman. Each has scored three touchdowns good for 18 points.

Jay Shaffer, Indiana; Joe Bizzaro, Lock Haven, and Mike Panich, California, are deadlocked for second place with four touchdowns and 24 points.

Top scorers follow:

Maley, California 7 1 12
Shaffer, Indiana 4 4 0 24
Bizzaro, Lock Haven 4 4 0 24

Shaw, East Stroudsburg 3 3 0 18
Gooderman, Indiana 4 2 0 18

Carter Works Five Rounds Against Mates

COLUMBIA, N. J.—Jimmy Carter, number one challenger in the lightweight ranks, blazed through five torrid rounds of boxing here at Harry's Farm yesterday under the watchful eyes of manager Willie Ketchum and trainer Ted Benham.

Carter, who battles Paddy DeMarco for the championship next month, worked two rounds each with Freddie Monforte, rugged lightweight from Brooklyn, and George Collins, likeable lightweight from Queens, N. Y. He finished up with one round against clever "Ike" Johnson, Pottsville youngster.

Jimmy also took part in some footwork drills and labored with the medicine ball.

Carter weighs 138 pounds at the present time, and expects to scale at exactly 135 pounds, the lightweight limit, for the championship battle.

Carter is scheduled to work almost daily until Saturday, November 6, when he will break camp early in the morning and fly to San Francisco where the championship struggle with DeMarco will take place.

The Carter party will fly out of Idlewild Airport on the noon flight of November 6. The group will stay at the Hotel Whitcomb and Carter will work at Newman's Gym.

This fight will be the first outing for DeMarco since he won the title from Carter last March. A scheduled returned bout was postponed in June when the present champion became ill. In September DeMarco forced postponement of the match for a second time because of an injured elbow.

Carter has defeated Reg Flanagan and Freddie "Babe" Herman since his loss to DeMarco. Jimmy is attempting to become the first man to ever hold the lightweight title on three separate occasions.

Jerry Dreyer, South Africa's gift to the boxing world and a stablemate of Carter's, visited the local training camp yesterday.

Peacock Favored Over Sinn

MILBOURNE, Australia, Oct. 28 (AP)—Billy Peacock of Philadelphia is heavily favored to defeat bantamweight champion Bobby Sinn at Melbourne Stadium tomorrow night.

Grange Asks 50-Cent Floor On Sales Tax

WASHINGTON, Pa., Oct. 28 (AP)—Delegates to the annual Pennsylvania State Grange Convention today approved the one per cent state sales tax but asked abolishment of the levy on items costing less than 50 cents.

The one per cent tax was enacted by the 1953 Legislature. It applies to items costing 10 cents or more. The State Grange endorsed the levy at its last convention. The tax marked its first birthday Sept. 1.

Some 700 delegates from 64 counties also approved these resolutions:

1. No universal military training. Military service should be on a voluntary basis with higher pay for career men.

2. A state-wide referendum on daylight saving time.

3. Asking that authorities shall not be established for the construction of schools, water systems, sewerage, etc., without a vote by the people in the districts concerned.

The delegates also reelected Dr. Beatty H. Dimit of Indiana as master.

Kushner Stars At Session Of Chess Players

J. B. KUSHNER was the star of the Stroudsburg Chess Club session last night at the office of John Price, South Stroudsburg, playing two games simultaneously and defeating both his opponents.

These were Mitchell Stackhouse and Earl Weiss, both men being among the top bracket players of the club.

Ed Burnett and William P. Deering played a series of three, Deering winning two games.

John Price, founder of the club, emphasized last night that his invitation to all persons interested in chess to visit as guests or to become affiliated with the club still stands. There are no dues, assessments or other costs.

Mr. Price was very badly injured while in the service during the war and is confined to a wheelchair. In spite of this handicap he has developed a sizeable business which necessitates frequent trips to a number of neighboring cities which he makes in a specially equipped automobile.

He organized the chess club to provide recreation and is recognized as an exceptional player.

Methodists Give Church Buildings To Lutherans

ST. CHARLES, Ill., Oct. 28 (AP)—The spirit of Christian brotherhood is doing mighty well in this community.

The First Methodist Church has decided to give its old church building and parsonage to St. Mark's Lutheran Church.

The Methodists voted unanimously to turn over the buildings, valued at \$85,000, to their Lutheran neighbors as an outright gift. The Lutheran congregation now meets in a frame structure.

The Methodist church is a brick structure trimmed with stone. It was built in 1908. The frame parsonage was built in 1894.

VETERANS

ELECT MEN WHO ARE IN ACCORD WITH OBJECTIVES FOR WHICH VETERANS ORGANIZATIONS ARE ALL UNITED... FULL ENFORCEMENT OF THE LOYALTY OATH.

VOTE

LLOYD H. WOOD for GOVERNOR

Lloyd H. Wood is a Working Veteran serving on many important committees in State organizations of both the American Legion and the V. F. W. His opponent is a card-carrying member, who, by his action as a State Senator, divorced himself from sympathy with Veterans organizations by opposing one of their major objectives—a Loyalty Oath law.

Every Veterans organization in Pennsylvania has gone on record as endorsing the Loyalty Oath. Yet Lloyd H. Wood's opponent, who now is attempting to gain favor and support from Veterans, was the leader of a small minority group in the State Senate who opposed and voted against the Loyalty Oath measure. (Only 7 Senators voted against the Loyalty Oath.)

It is an affront to the intelligence of veterans when LEADER—an avowed opponent of the Loyalty Oath—now appeals to veterans for support on the basis of his record.

Lloyd H. Wood, in an address on October 17th, stated: "I pledge that there will be no place in my administration for anyone who fails to give complete loyalty to our State, our Nation and our Flag. No red tainted 'Fifth Amendment' subversive will be tolerated on the payroll of any State agency. The Pennsylvania Loyalty Oath has my full support."

John S. Shotwell, A Veteran of World War I

Who Is Unopposed By Any Veteran

For Representative in the General Assembly

stated, in an address from the Court House on Friday, October 22nd: "These are the words we want to hear from a candidate for Governor, and his pledge has my complete endorsement."

These well-known Veterans of Monroe County are among the Veterans for Wood and Shotwell group which advocates the election of Lloyd H. Wood for Governor and John S. Shotwell for Representative in the General Assembly—both of whom have expressed and demonstrated their full sympathy with application of the Loyalty Oath.
